Planning
Our Future
at UUCB

We are a vibrant, inter-generational faith community, inspired by thought and spirit, and grounded in love.

Our mission is to honor differences and to foster peace, justice and sustainability in ourselves and our world.

LOVE IN ACTION

In twenty-five years UUCB has become a voice for progress, human rights and dignity in our community. In a word, this church has been "Love in Action."

Please help UUCB continue its vital role in our lives and our community. Your gift, large or small, can secure that legacy.

Let's give our future leaders the resources to meet the challenges of their time.

37 Miller Street,
Belfast, ME 04915

To Perpetuate
Love in Action

YOUR GIFT CAN PROPEL OUR LEGACY OF “LOVE IN ACTION” INTO THE FUTURE

3 “WIN-WIN” WAYS TO CONTRIBUTE

1. Outright gifts of cash, real estate, or personal property can make a very personal addition to UUCB’s future. A gift of appreciated stock can avoid capital gains taxes*, especially if held for many years with a low basis.
2. Qualified Charitable Distribution (QCD) For retired folks 70½ years of age, a QCD is a great way to give. Each dollar up to \$100,000 per year can count towards your required minimum distribution (RMD) tax-free*. RMD’s are otherwise taxed as income. An annual QCD also creates a firm footing for our church.
3. Bequest naming UUCB as a beneficiary of any part of your estate or retirement account, savings account, life insurance, or annuity can also help avoid estate and capital gain taxes*.

* Consult your tax advisor.

WE ARE DEEPLY ENGAGED

UUCB is deeply engaged with the critical issues of our times. We raise our concerns through social action, congregational initiatives and community outreach.

- We recognize that climate change is the existential threat to our planet and all its diverse life forms. UUCB’s Climate action Team has brought insight and gained a commitment from our congregation.
- We honor the vibrant, affirming spirit persons of color bring to our world. We work to end the embedded racism in our society.
- We support indigenous peoples’ right of self determination and we recognize the debt they are owed.
- We believe that choosing whom to love is a human right. We advocate for LGTBQ rights, and we celebrate these communities’ contributions to our culture.
- We promote peaceful alternatives to war and conflict through dialogue and diplomacy.
- We prioritize the moral and spiritual education of our youth, our future leaders.
- The current attacks on reproductive rights deeply concern us.
